Comment: This information supports the opinion, based primarily on the personnel assigned — Erick Meschke, Ernst Lange, Richard Stainer, that the ZKK is a significant agency. It is also indicative of the tendency to copy the Soviet system of interlocking surveillance.)

2. At present the GAI is charged with conducting investigations for the ZKK because the ZKK has no facilities for that purpose. It is presumed that Fischer will attempt to maintain this situation in order to keep all police power concentrated in his hands.
